If your dream is to get away from it all? then this large lot in Luga Aleha will be perfect for you. The exclusive gated development of Luga Aleha is located on the Bolivia area of Bonaire. It was created by a group of Dutch, American, Antillean, British and Canadian nature lovers in an effort to protect the land and enjoy it at the same time. All of the lots in Luga Aleha are owned ground and most of the lots are more than 100,000 m<sup>2</sup> (10 hectare +) in size. Every lot in Luga Aleha is limited to the construction of no more than one home and one guest house to be built per lot.
