Curacao - Curacao

Westpunt

Listing ID: 00087101030

Upon arrival from the street you will only see one wall with both a walk-in entrance gate and an electric gate. But as soon as you enter the site you will be welcomed by beautiful bougainvilleas, various agaves and other colorful trees and plants, which immediately give this property a tropical setting. You see the newly paved parking area, flanked by mature palm trees, with enough parking space to park two cars. At the front of the house is a covered entrance or small porch with terracotta tiles. Once inside you enter a huge living room. There is a lot of light because there are many windows (aluminum) around it. The very high wooden ceilings create a wonderful sense of space. At the rear is a sliding door, which leads to a very spacious rear terrace annex balcony of approximately 40 m². The rear of the house is on the first floor of the house. Outside you have a beautiful panoramic view of the interior of Curacao. This is clearly visible on the photos. Anyone who lives in the tropics for a little longer knows that you will spend a lot of time outside on the porch, in the shade and, if possible, on the wind. This
