Bahamas - Grand Bahama

Freeport

Listing ID: 00217563334

This attractive income property is conveniently located in Caravel Beach Subdivision on South Mall Dr., just a few minute drive to both downtown and the closest beach. Beautifully renovated and comfortably furnished with quality furnishings this property makes for great executive short or long term rentals for project managers and contractors, arriving to work for the Shipyard, Vopak and other similar entities. At the moment, the Landlord would prefer to rent out the whole building, which works out to be only \$750 per each unit. The interior features a comfortable Living Room and Dining Areas, a bedroom set up with two double beds (one of the units offers a queen size bed) and a study with a pull out day bed, that could be used as a guest room if needed. Large fenced in back yard with set up tables and benches is perfect for barbecuing. Laundry room is conveniently situated on the premises. Reasonably priced for sale, this could prove to be a good investment for someone looking for turn key rental investment.
