RE/MAX 1st Choice Belize is proud to list for sale this private beachview lot with unobstructed views of the Caribbean. This 90 by 100 ft parcel is cleared and ready to build with electric running to the property. This lot is situated at the end of the beach road offering privacy and little to no traffic. The beachlot across the access road is too narrow to accommodate a home and will likely remain undeveloped thus ensuring unobstructed views and access to the beach and sea and feeling of beachfront living. Riversdale is a sleepy fishing village just north of the Placencia peninsula and is now a mix of expats and local fishing families. Seafood can be bought at the end of the day from neighbours or caught on the local reef directly off the beach. Developments Ara Macaw on the southern border and Plantation to the north will increase real estate values and bring additional amenities and utilities to the region.
